Dave,

After roll call today on this call, I'll turn to you for opening remarks, then we can ask R10 to start the briefing.

Note: Susan Bodine is invited, and Larry Starfield (OECA PDAA) plans to be on. I see OGC folks, but not Fotouhi level.

Thank you,  
Janita

INTERNAL

Dave, FYI there is language (pasted below) in the R10 meeting request form that suggests OW's request for this awareness briefing could delay EPA action to address human health impacts. I flag this because R10 is not proposing to take emergency action under the 1431 authorities and therefore this briefing would not delay such emergency action. The letter R10 proposes to send (attached) asks the state to confirm EPA's understanding of certain facts and provide any additional information they have; it does not request or require the state to take any action to evaluate potential human health concerns.
